What some of our clients / people who have used the Skid Monster before. This is what some had to say.

"I think the Skid Monster is an extremely useful tool for bringing home the message about skids to an inexperienced driver. And even for an experienced operator it can be a humbling experience."

Joe Brady

New Haven Register

"What you learn in the Skid Monster won't just help you drive better, but it will keep you and your family safer every time you drive."

Sgt. Romano Ratti

New York Times

"When you get into an emergency situation, it's all instinct. The Skid Monster takes education from the classroom situation to a real life situation."

Chuck Filippini

The Spokesman-Review

"The Skid Monster is really good for our high school students. It compounds any mistakes they make and helps them learn how to avoid that in the future."

Dan Leatherwood

The Salt Lake Tribune

"The Skid Monster graphically illustrates the need to value, develop, nurture, and ultimately ingrain in the driver low-risk driving habits."

Elizabeth Taylor

WTSEA Journal

"I drove the Skid Monster and within five minutes I learned that I took corners too fast and I didn't look far enough to the horizon. The consequence: I spun out. But within minutes I realized my mistakes and was able to correct them."

Suzanne Barrett

The Herald, Edmonds, WA

"With the Skid Monster you can simulate many situations in a limited amount of space. It allows you to demonstrate to students the use of visual habits."

Dr. Frank Gruber

Northern Illinois Univ.

"I have a 16-year-old with a driver's license, and (after driving the High School's newly acquired Skid Monster) I'm about putting him back through driver's education."

Dr. Gary Livingston

Superintendent, Spokane
